

AllClear Repair Services is proud to partner with Honeywell as an authorized service center for military APU's and mechanical components. This prestigious designation enables ACRS to provide top-tier maintenance services for a range of critical components on military aircraft, including the C-130, F-15, F-16, F-18, P-3, UH-60 and military derivatives of the B707 platforms.

As a Honeywell Authorized Service Center, ACRS is fully equipped to perform maintenance on a wide array of essential pneumatic components, starter control valves, anti-ice valves, wheels, brakes, APU's, and other related accessory components. Our certification reflects our commitment to quality, precision, and excellence in supporting military aviation.

Trust AllClear Repair Services for the reliable upkeep of your aircraft components, backed by the expertise and authorization of Honeywell.
